## THE BEE HIVE

### Ladies' HATS

### Trimmed STRAW SAILORS

The immense business we have already transacted this spring in our trimmed Hat Department gives us assurance that you appreciate up-to-date, stylish, ready-to-wear millinery that you can buy at a saving of 40 to 50%. We are still showing a large assortment of Paris Pattern Hats and can supply all tastes and purses. Prices range from \$1.75 to \$6.50. Our Straw Sailors are the product of our own factory. You save both the jobber's and retailer's profit—it's from maker to consumer. All shapes and colors are fully represented. 25c to 75c. Children's Sailors for both boys and girls 25c to 50c.

### Silks and Dress Goods.

Some new arrivals in these departments every day. We are constantly on the alert for new creations and Dame Fashion's latest fancies. A few special items are a splendid Venetian Cloth and Homespun Plaid, the 73c kind, at 50c a yard. Thirty-six inch Mousseline de Soie and Mercerized Foulards, sold elsewhere at 50c, our price 35c. The regular \$1 Taffeta Silks are priced here at 80c. All colors, including the latest pastel shades. Fifty different styles of Fancy Silks in shirtwaist lengths from 70c to \$1.50 a yard.

### A Wonderful Shirtwaist Stock.

We could fill a page telling you about the many pretty styles represented in our shirtwaist stock and then not tell you half the tale. We can but invite your inspection and ask you to judge for yourself. Prices on white and colored waists range from 25c to \$2.50.

## HER MAJESTY'S CORSET

### MAKES NEW FRIENDS DAILY.

Interest in this remarkable corset seems to grow day by day. More women stop to inquire about it, more people are buying it, more people are recommending it than ever before.

HER MAJESTY'S CORSET is undoubtedly the greatest body-brace the nineteenth century has produced. If you are not posted as to its many merits, make inquiry at our corset department.

### MERELY INCIDENTAL.

Mrs. Dewey had a bee,  
In her Easter bonnet,  
And in her ear, all day did he,  
Sing his little sonnet.

"Your George," buzzed he, "should surely sit  
In the White House big and grand,  
While you would fill the lofty bill,  
Of 'First lady in the land.'"

Thus sang this busy little bee,  
In Mrs. Dewey's bonnet,  
And as a consequence, you see,  
Her George 'has gone and done it.'"

## Special Request.

In answering advertisements appearing in the columns of this paper, or when buying goods from a merchant whose advertisement appears in this paper, our readers are especially requested to state that they saw the advertisement in THE PUBLIC LEDGER. This will cost you nothing, and it will be gratefully appreciated by both the advertiser and the Editor.

Under the compromise between the parties interested in the D. H. Baldwin estate of Cincinnati, each one of the Summers heirs at Elizaville receives \$2,714.

Charles E. Breckinridge, who has been clerking at the Merchants Hotel at Flemingsburg for some time, has accepted a position as night-clerk at the New Central in this city.

The new Queen of the Navy, the battleship Kentucky, went into commission yesterday at the yards of her builders, the Newport News Shipbuilding and Dry Dock Company.

The interest in the Revival Services at Limestone Hall still continues. Three confessions at the service last evening. Preaching each night this week by Howard T. Cree, Minister to Christian Church.

The General Assembly of the Presbyterian Church of the United States meets at Atlanta, Ga., May 17th to 20th. Mr. J. James Wood of this city, Delegate from this Presbytery, left yesterday afternoon to attend the sessions.

### ORGAN RECITAL.

Next Friday evening Miss Katie Blatterman will give an Organ Recital on the superb new organ in the First Presbyterian Church. We have in this instrument one of the loveliest organs to be heard anywhere. We have also a very superior organist in Miss Blatterman, who to her conceded skill as a pianist has added the mastery of this noble instrument. We are promised also songs by Miss Hays, Mr. Chunn and others, who are always gladly heard in Maysville. The nominal admission of fifteen cents is charged to cover the expenses.

### PROPOSE TO DISSOLVE.

Oddfellows to Divide Property and Each Lodge "Go It Alone."

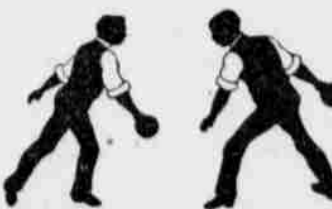

DeKalb and Ringgold Lodges are joint owners of Oddfellows Hall and some other real estate.

For many years there has been a growing feeling that the Lodges should be independent of each other, and steps have been taken looking to a division of the property, which, it goes without saying, will be done equitably and satisfactorily.

### THE "PIKERS" WON.

## GOOD BYE, SALLIE!

"Miss Greenwell" Compromises Her Big Claim Against the City.

Miss Sallie Greenwell, the St. Louis female who has been hounding the County Clerk and City Councilmen for some time, and incidentally eating some free grub, has compromised her claim for 800 acres of land on which this city is built.

Yesterday she kindly accepted Mayor Stalleup's pass for a free ride to Cincinnati.

Our property-owners and boarding-house keepers now breathe easier.

The Pearce is due down and Wells up this evening.

The Lizzie Bay is laid up at Cincinnati for a few repairs.

The Henry M. Stanley will be down tonight from Pomeroy.

The Keystone State will pass down tonight from Wheeling.

There is a slight rise passing this city. It is out of the Kanawha.

A man by the name of Armacost was drowned off the Bonanza while at Mentor Sunday morning.

The U. S. Lighthouse Tender Goldenrod is filling up the lamps on the lower Ohio and Tennessee rivers.

The pop rise out of the two headwater streams enables the Pittsburgh Packet Line to continue business for several days longer.

Dan P. Dammert died Saturday evening at Portsmouth, aged 51. Deceased was formerly a riverman. He was mate on the Big Sandy and the Fleetwood. Steamboats in that section are carrying flags at half mast.

The fall in the Ohio river from Pittsburgh to Cincinnati is 200 feet, and from Cincinnati to Louisville, including the falls, is sixty-five feet, a total distance of 600 miles with an average fall of 6 1/2 inches to the mile.

Captain Jim Sandford, after piloting the Goldenrod down the river, will leave Monday night by rail for Pittsburgh, to accept a position on the steamer Kanawha, which runs between Charleston and Pittsburgh. Bent Sandford, son of Captain Jim Sandford, accepted the position as second engineer on the John K. Speed Monday morning.

An old retired riverman says: "I have lived to see my prediction of years ago come true. With low, narrow-spaced bridges, Government rules and laws issued against the rights and privileges of boats and boatmen, no account civil engineering and less account improvements, the Ohio river only needs a roof on it to make it nothing more than a great big sewer."

The pool boats at Pittsburgh are actively engaged in bringing loaded craft of coal out of the pools of the Monongahela river, and the Monongahela River Consolidated Coal and Coke Company has ordered several towboats to hitch into tows of coal to be ready to start South just as soon as there is sufficient water. As soon as there is a rise every riverman who wants a trip will be accommodated, as there are fully 10,000,000 bushels of coal loaded. The amount may exceed these figures, for 1,000,000 bushels of coal are daily being loaded.

This season the middle of May finds the up-river boats compelled to quit on account of low water, and the river about Caseyville is reported to be in a condition such as to cause the owners of boats drawing more than four and one-half feet of water much uneasiness. This is quite unusual, as it is too early for low water. Another unusual thing about the river this year is that there were no floods whatever this season. The highest mark the river reached was a little over thirty-eight feet. This is the lowest high-water mark at Cincinnati for any year since 1832.

### \$100—Reward—\$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O., Sold by Druggists, etc. Hall's Family Pills are the best.

## HARD TO ESTIMATE.

Difficulty in Making an Accurate Guess on a Crowd.

New Orleans Times-Democrat.

"Estimating the size of a crowd is the hardest kind of guessing in the world," said an old citizen. "Nothing is more elastic, more comprehensible and more deceptive than a great throng. On two occasions a street or square may appear to be packed to its capacity, and one would say, roughly, that about the same number of people were present each time. As a matter of fact, there may have been a difference of several thousand. I am convinced from observation covering a number of years that it is impossible for anybody standing on the level occupied by a crowd to form even an approximately accurate estimate of its size. Such a spectator has no means of arriving at the density of the mass before him, and that is the vital point in the whole calculation.

"The proper place from which to 'size up' any great gathering is as nearly as possible overhead; in other words, from the roof or upper windows of some adjacent tall building. It is only by looking down on crowds from a height that you can appreciate their great differences. One will be full of lanes and passageways, with little open spaces here and there, while in another the people will be standing shoulder to shoulder with almost military precision. From above, too, the strange wave movement which occurs in all crowds is clearly discernible, and it is certainly a curious sight. A slight stir will be seen from some extreme corner; for a few seconds it will travel toward the center, exactly like the ripple over water; then suddenly it will break and spread itself along three or four irregular paths, each ending in a crush which must be entirely inexplicable to the people in the vicinity. What causes these movements to take such eccentric routes through a throng is at first blush a mystery, but I suppose it can be easily explained on the common principle of force moving lines of the least resistance. Some chap on the outskirts starts the thing by shouldering his neighbor, and the impulse is passed along, always by way of the weakest.

"As an evidence of how guessers will differ in their estimates of crowds, I asked two level-headed gentlemen how many people they thought were assembled at the foot of Canal street to witness the landing of Rex. One said 8,000 and the other said 30,000. The reason given in both cases sounded about equally plausible."

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Bileousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Peacor.
